I agree to provide private lessons for the Client and Dog on a lesson-by-lesson basis, the goal being to teach the Client how to train and work with their Dog. These lessons will take place at the Client's home. I will make every reasonable effort to help the Client achieve training and behavior modification goals but make no guarantee of Dog's performance or behavior as a result of providing professional animal behavior consultation. Client understands that he/she and members of the household must follow the Trainer's instructions without modification, work with dog daily as recommended, and constantly reinforce training being given to their Dog.
